- While at the AAI Learning Center, go to “My Classes” and select either of the two EI Course Versions to begin. If you previously registered for multiple VES Classes, the EI Courses will be located at the bottom of the list under “Packages”.

The screenshot displays the AAI Learning Center website. At the top, there is a search bar and navigation links. The main navigation bar includes links for Home, Join, Latest, AAI Journal, Markets, Model Portfolios, Investing Ideas, Screening, Learn & Plan, Community, and A+ Investor. On the right side, there is a sidebar with a navigation menu. The 'My Classes' link is highlighted with a green arrow and a green circle containing the number '1'. Below the navigation menu, there are sections for 'On-Demand Products' and 'Packages'. The 'Packages' section contains two course listings: 'AAII's Essential Investing FlexiLearn Course' and 'AAII's Essential Investing Structured Course'. Both listings are highlighted by purple arrows and a purple circle containing the number '2'.

- Before beginning either EI Course version, we strongly recommend viewing the “How to Navigate and Complete the EI Course” video, located in the “EI Course Introduction, Instructions & Resources” section of each course version. This video can also be found on the AAI Learn website at www.aaii.com/learn. This video will cover everything you need to effectively navigate and complete the courses and get you up and running quickly.
- If this is your first VES Class, we strongly recommend viewing the “How to Navigate and Complete a VES Class” video, which is located in the same areas. This video will cover everything you need to know to navigate and complete the VES classes.
- Additionally, if this is your first VES Class, we also recommend reviewing the “Understanding the Interactive Video Controller” video or instruction guide located in the same general areas. This video explains several important interactive features embedded in each presentation video that users should know, including how to deal with a popup blocker message.
